At the IFSEC show this year, the ACTi booth definitely stood out among all, jammed packed with hundreds of people checking out why this only-five-year company had generated such strong power to make the entire exhibition hall echoed with its company slogan – "Yes,ACTi!".

ACTi, a new comer to the surveillance market, has grown rapidly in the past few years, evolving from an only Taiwan-based company to now with three worldwide branch offices, namely Seattle, Irvine, USA as well as Shanghai, China. ACTi is continuing to expand its universal coverage and striving to meet the highest standard of the industry. The new ACTi H.264 Megapixel CCD IP Box Camera – TCM-5311, which the excellent video quality was lively demoed on the show floor, once again proved its reputation as the "IP Surveillance Technology Leader".

During the four-day exhibition, ACTi was not only showing its latest technology but also the "ACTi power", spread by the "Yes,ACTi" slogan promotion. ACTi always has its unique way to surprise its customers. Even in a serious industry as the surveillance market, ACTi insists in bringing up exceptional "fun" to reform the traditional thought of how people normally think of the surveillance market.

If you are still doubting the ACTi power, come check the video clip and see how many people around the world are shouting "Yes,ACTi!" loud. If you are not one of the "Yes, ACTier", you might be too out-of-date. What are you waiting for? Come Visit ACTi on Twitter and Facebook to see how many people are now following ACTi – Your Best Partner in the IP Surveillance Market.

About ACTi

ACTi Corporation is the technology leader in IP surveillance, focusing on multiple security surveillance market segments. ACTi's extensive technology innovations in the development of JPEG/MPEG-4/H.264 has empowered ACTi's worldwide partners and customers to enjoy best quality video performances from VGA up to Megapixel resolution at minimum bandwidth. The core value of ACTi is the ability to develop, integrate and market complete end-to-end solutions for our clients in the IP surveillance market. ACTi's technology advancements enable complete solution offerings to cover all segments of the security market. Not only offering the IP surveillance hardware such as IP cameras and video servers, all ACTi products are bundled with free management software; in addition to the rich selection of management applications offered by leading Independent Software Vendors that support ACTi hardware. ACTi partners with distributors, application developers worldwide; with flexible customization offerings to accommodate different business models. ACTi's commitment to sales, marketing and technical support will empower this innovative IP surveillance technology to be thoroughly optimized and appreciated by ACTi's strategic customers.
