ACTi Corporation, a highly regarded IP surveillance provider, announced today that it has received Lenel factory certification for its Megapixel IP Cameras. As part of this certification, ACTi Corporation is now a partner member of the Lenel OpenAccess Alliance Program.

"By integrating our Megapixel IP Cameras with leading open security systems, Lenel OnGuard, it creates a high level of interoperability between the ACTi Megapixel IP Cameras and the OnGuard system. We are glad that customers can enjoy the full benefits of both platforms" said Frank Li, ACTi's Solution Development Director.

"ACTi has completed required factory testing at Lenel to validate the functionality of its interface to OnGuard. We look forward to their continued involvement in the Lenel OpenAccess Alliance Program," said Raffaele Ceravolo, director of strategic alliances for Lenel.

About ACTi

ACTi Corporation is a highly regarded IP surveillance provider that is involved in multiple security surveillance market segments. ACTi's extensive technology innovations in the development of MJPEG/MPEG-4/H.264 has empowered ACTi's worldwide partners and customers to enjoy best quality video performances from VGA up to Megapixel resolution at minimum bandwidth.

The core value of ACTi is the ability to develop, integrate and market complete end-to-end solutions for our clients in the IP surveillance market. ACTi's technology advancements enable complete solution offerings to cover all segments of the security market. More than just a provider of IP surveillance devices such as IP cameras and video servers, ACTi provides free management software in addition to the rich selection of ACTi-compatible applications on the market.
