ACTi IR 3-inch Dome camera ACM-3311 has been well received by the market. As we keep improving our products, we feel that this model and our ACM-3011 should be consolidated to reduce ordering complexity. The ACM-3011 has functions similar to ACM-3311 plus vari-focal lens. We will continue to provide ACM-3311 until 2010/7/1. We recommend all further orders to use ACM-3011 instead.

	ACM-3311 (EOL)	ACM-3011 (Replacement Model)
Compression	MPEG-4 SP/ MJPEG Selectable	
Max. Video Resolution	D1	VGA
Image Sensor	1/3" SuperHAD CCD	1/3" Progressive Scan CMOS
Power Requirement	PoE (IEEE 802. 3af) with Class 3	PoE (IEEE 802. 3af) with Class 3
Power Consumption	5.6W (DC 12V), 6.9 W (PoE)	5.0W (DC 12V), 6.8 W (PoE)

About ACTi

ACTi Corporation is the technology leader in IP surveillance, focusing on multiple security surveillance market segments. ACTi's extensive technology innovations in the development of JPEG/MPEG-4/H.264 has empowered ACTi's worldwide partners and customers to enjoy best quality video performances from VGA up to Megapixel resolution at minimum bandwidth. The core value of ACTi is the ability to develop, integrate and market complete end-to-end solutions for our clients in the IP surveillance market. ACTi's technology advancements enable complete solution offerings to cover all segments of the security market. Not only offering the IP surveillance hardware such as IP cameras and video servers, all ACTi products are bundled with free management software; in addition to the rich selection of management applications offered by leading Independent Software Vendors that support ACTi hardware.

ACTi partners with distributors, application developers worldwide; with flexible customization offerings to accommodate different business models. ACTi's commitment to sales, marketing and technical support will empower this innovative IP surveillance technology to be thoroughly optimized and appreciated by ACTi's strategic customers.
